

Third International Conference of
IFTToMM ITALY
09-11 Sep. 2020, Naples

CALL FOR PAPERS

The aim of the Conference is to bring together researchers, industry professionals and students not only of the Italian community from the broad ranges of disciplines referring to Mechanism Science, in an intimate, collegial and stimulating environment. The third International Conference of the IFTToMM ITALY association will be held at the School of Polytechnic and Basic Sciences of the University of Naples "Federico II", in Naples, Italy.

Conference Topics

Papers are welcome on topics related to the aspects of theory, design, practice and application of the Mechanism and Machine Science, including but not limited to:

- Biomechanical Engineering
- Gearing and Transmissions
- Mechanism Design
- Rotor Dynamics
- Computational Kinematics
- History of Mechanism Science
- Mechatronics
- Tribology
- Dynamics of Machinery
- Industrial and Non-Industrial Applications
- Multibody Dynamics
- Vehicle dynamics and control
- Robotics
- Vibrations

Honorary Chair:

Alessandro Gasparetto (Chair of IFTToMM Italy)

Conference Chair:

Vincenzo Niola (University of Napoli)

Paper submission proceedings

Authors are kindly invited to submit original full papers with maximum length of 8 pages in Springer format. Instructions will be available in the conference webpage. All accepted and presented papers will be published in a Scopus indexed book of the Springer Series *Mechanisms and Machine Science*, with the title: Advances in Italian Mechanism Science - Proceedings of the Third Conference of IFTToMM ITALY. Best Paper awards will be given in categories of Research, Application, and Student Work. A selection of presented papers will be invited with extended version for a special issue in the International Journal of Mechanics and Control (www.jomac.it) affiliated to IFTToMM Italy and for the special issue "Advances of Italian Machine Design" of Machines, an open access journal by MDPI.

Venue and Transportation

The conference venue will be the School of Polytechnic and Basic Sciences of University of Naples "Federico II", located in Piazzale Tecchio, 80 in the Fuorigrotta district, www.unina.it.

Naples can be reached easily both by train, plane, ship and by car. There are hourly trains from Rome and Milan to Naples; the trip takes approximately 1h:10m from Rome.

Location

Naples is a well-known place for its rich history, art, culture which provided it with a cultural and artistic identity characterized by numerous monuments built during more than 2500 years. The city is full of museums, castles, churches, squares, narrow streets and archaeological remains; moreover, it is placed in one of the most beautiful gulfs of the world. Lovely places like Capri, Pompei, Sorrento and Amalfi Coast, just to make examples, are very near and easy to reach. In September the weather is fine, sunny temperatures above 20°C.
